**Cut charge:** Packaged in 30 yard bolts. Cut charge of $3.00 per yard is applied to any order under 30 yards per color. No cut charge over 30 yards per color.

**Return Policy:** Only full, uncut bolts will be accepted for return with pre-authorization. 35% re-stocking fee; 45 days from date of invoice; maximum 300 yards per color. Applicable freight charges apply. No returns accepted on custom materials.

**Wallcovering Permeability, Moisture and Mold:** One of the characteristics of vinyl wallcovering is that it has little or no moisture permeability. This characteristic can be an important benefit in terms of durability, cleanliness and wall protection. If the design, construction or maintenance of a building allows liquid or vapor moisture to accumulate in a wall or wall cavity, vinyl wallcovering can act as a vapor barrier restricting the escape of moisture and increasing the risk of mold growth. In all cases, moisture and sources of moisture accumulation must be eliminated before installing any wallcovering material. Vinyl wallcovering does contain additives to resist mold and other microbial growth on the product itself but these additives will not prevent mold growth.

**Perforation/Microventing:** Vinyl wallcovering permeability can be increased through perforation/microventing. Perforation/Microventing is available on a custom order basis, 30 yard minimum quantity per color, $6.25 per yard additional cost.

**Custom Digital Printed Wall Surfaces Design:** Unique ability to create digitally printed wall surfaces designs, wall murals, art impressions, graphic images, photo murals, & logowall. Consult with your sales associate for the opportunity to explore and create digital wall surfaces.
General Information

Terms and Conditions
All prices contained herein are contract net prices in Canadian dollars and do not include taxes. Regular terms are Net 30 days from date of invoice. All invoices are dated the day of shipment. Regular terms do not apply to special pricing. Special pricing terms are Net 10 days from the date of the invoice. Prices shown in sample books may no longer be in effect and are subject to change without notice. All merchandise is shipped F.O.B. Orangeburg, New York. No discounts are allowed on freight charges. Late payment charges of 1-1/2% per month, 18% per annum or the highest amount allowable by law will be applied to past due accounts. To open a Net 30 Account, fax a signed request along with the following information to the attention of the Credit Department; the name and address of five trade references, company bank information and resale number. If an open account has not been established, Proforma or CBD payment will be required for all orders. Deposits placed against purchase orders requiring partial shipments, will be applied proportionately to each shipment. Shipments requiring a specific delivery release schedule will be billed according to Arc-Com’s policy of billing fabric as ready, regardless of when the shipment is released. No order will be accepted for less than one yard per pattern number. For orders other than cut yardage, Arc-Com reserves the right, within reasonable tolerances and in accordance with industry standards, to ship bolts closest in yardage to the actual purchase order requirement. Individual orders exceeding a maximum length of 108 inches, a maximum combined length plus girth of 165 inches, or the maximum actual weight of 150 pounds and not meeting the minimum requirement for transport carriers will be subject to an additional handling charge of $50.00 as designated by both DHL and UPS. Arc-Com products are intended for use in the contract furnishings industry and not intended for use in the apparel industry. Please contact Customer Service for additional information. Add GST and any applicable PST. Provincial laws require us to maintain an executed copy of your resale number on file in order to exempt you from PST. There will be a freight charge for all Canadian shipments from our Toronto facility.

Applicable Laws
Arc-Com manufacturers and tests products for industry applicable standards and fire codes. Test results are available upon your request through our Customer Service Department. They may be used as guidelines for specifying individual products, but in no case should they be considered a guarantee.

If a test, standard or law on a federal, state, local or international level is required other than those that are listed as a part of the specifications outlined in our price list or on the product tag, you must advise us of the specific statute either before specifying it or by listing it on your purchase order under each individual line item so that we may test to see that the product complies. Additionally, we may be able to comply with your requirements using additional processes. In any case, we will confirm our results in written form.

Quality Control
Arc-Com examines all products. Manufacturers and fabricators should examine fabrics carefully before cutting to verify correct pattern, color and yardage. Arc-Com will not be responsible for any claim if fabric is cut. All Quality Control claims will be handled on an individual basis. Arc-Com sells its products without the knowledge of its end use and does not accept claims for any labor charges. Color samples must accompany purchase orders if a color match is requested. Arc-Com will advise as to its ability to comply. Variation in color cannot be avoided, as no two color lots are exactly the same. Arc-Com, as customary to the industry, reserves the right to substitute an alternate component having similar characteristics, without notice, if a raw material is unavailable for production.

Warranty
Arc-Com warrants that its products are manufactured in accordance with the Textile Fiber Products Identification Act. Arc-Com products meet or exceed the industry standards as defined by the Association for Contract Textile Guidelines (ACT). The above warranty is given expressly and in lieu of any and all other warranties either expressed or implied, including the warranties of merchantability and fitness for a particular purpose. For detailed warranty information, please visit our website at www.arc-com.com.

Returns
Requests to return fabric must be approved by Arc-Com International. All returns are at the sole discretion of Arc-Com International. Products approved for return will be issued a Return Authorization Number. A 40% restocking fee will be applied plus freight charges. For textiles, no orders of less than ten (10) yards will be accepted for return. For wallcoverings, no orders less than full pieces will be accepted for return. No return will be accepted on merchandise that has been cut, processed, or marked in any way. Fabric must be rolled on a tube as originally shipped. Special order fabric not regularly carried in stock may not be returned. All returns must be prepaid and include a return authorization number on the shipping label. No returns will be authorized beyond 60 days from date of shipment. Authorized returns must be received no later than 30 days from date of issue of a Return Authorization. Return Authorizations automatically expire 35 days from the date of issue.

Cancellation
Requests to cancel purchase orders must be made in writing. Each request will be considered on its own merit. Cancellations are not automatic and are valid only upon issuance of a cancellation number. Requests to place an existing order “on hold” are valid only upon issuance of an “on hold” authorization number.
General Information

Discontinued Items
Patterns that are being phased out or discontinued may be ordered if minimum yardage requirements are met and textile construction is available. Items not appearing in this price list may be available in limited quantities, or may be produced on a special order basis.

Placing an Order
To place an order, check stock or obtain additional information please contact your local Account Manager or the Toronto showroom at 416-923-4711. Please include product name and number, color name and number, yardage requirement, name of firm originating specification and bill to and ship to address on all orders. This information can be sent to your local showroom or Arc-Com Headquarters at orders@arc-com.com. On multi-line purchase orders, we will release those items that are in stock for shipment unless the P.O. specifies one complete shipment.

Credit Cards
Arc-Com accepts Visa, MasterCard and American Express. For additional information please contact the Toronto office.

Reserves
Reserves may be placed on product to assure prompt delivery. Reserves will be held for a maximum of five (5) business days and may be extended on the fifth day for an additional five (5) business days.

Samples
All samples remain the property of Arc-Com. Arc-Com reserves the right to update sample libraries or remove samples without prior notice.

Repeats / Railroaded
Pattern repeats vary. Repeats shown in price list and sample books are approximate. To avoid possible shortages, allowances should be made for all patterns with a repeat.

When is displayed, it indicates that the pattern may be applied either vertically or horizontally. Example: If a stripe is woven side to side across the 54 inch width of a fabric, when is affixed to it, it is a designation that the stripe is displayed and ticketed as a vertical stripe. When a jacquard pattern has affixed it designates that the pattern is woven horizontally but ticketed and displayed as a vertical. When ordering fabric, instructions should accompany your order to the manufacturer as to the choice of direction of an application.

Copyrighted Designs
Arc-Com’s designs are all copyrighted under U.S. and International copyright laws.

Primary Usage/Wallcovering Applications
Arc-Com lists its products alphabetically by the primary usage of the textile. Categories listed are Upholstery, Privacy Curtains, Panel, Borders and Wallcovering. Certain fabrics have been designed for multiple uses. Additional finishes may be required if the intended use of the fabric is not consistent with the primary use as designated herein. It is the purchaser’s responsibility to determine code compliance for products used in any way other than the primary use as designated herein. With the exception of the wallcovering line, purchase orders for any products ordered for wall application, must be placed in writing and boldly marked “For Wallcovering Application”. Arc-Com bears no responsibility for improperly marked purchase orders. Any problems arising from an improperly marked order for either product or labor will be the responsibility of the purchaser. To prevent potential installation problems, wallcovering applications should be reviewed with the installing contractor and your Arc-Com Account Manager prior to purchasing textiles. No credit memorandum will be issued for claims against product unless the Quality Control Department has examined the fabric and has determined a product defect exists.

Arc-Com Corporate Advantage® and Corporate Alliance Program®
Corporate Advantage and Corporate Alliance Programs are distinctive services designed to meet the needs of corporate end-users and furniture manufacturers. Corporate Advantage is a program tailored to assist Arc-Com’s corporate end-users that provides a host of services including inventory reserve programs; dedicated customer service representatives; records of purchases by location; and guaranteed pricing. The Corporate Alliance Program is a partnering relationship with furniture manufacturers that facilitates the use of Arc-Com textiles on contract furniture. This program along with numerous Arc-Com grade-in programs, is promoted in conjunction with various furniture manufacturers.
Technical Services / COM Approvals

**Technical Information**
Fire code information is available in the form of a letter of certification from Arc-Com or certified test data from an independent testing facility. Test results are provided by Arc-Com solely as a guideline and are not to be construed as a guarantee. As test procedures and requirements may change, published test information may be invalid. For additional testing from an independent testing laboratory regarding a specific style number contact Customer Service. A purchase order will be required prior to testing and a fee will be quoted and charges applied.

Textile products, both natural and synthetic, are often treated during the spinning, dyeing, weaving and finishing processes. Proper consideration should be given to the general conditions relating to heat, humidity and ventilation waiting period necessary to aerate products before they are installed at the final destination.

Arc-Com products are sold without its knowledge of the end use or installation. Test results are provided by Arc-Com solely as a guideline and no guarantee or representations of any kind are made in such regard. If the intended application of product requires a specific test result, it may be possible for Arc-Com to provide a product that achieves the required test results. It is the purchaser’s responsibility to advise Arc-Com in writing of any specific performance requirements at the time the order is placed. Contact Customer Service for further information.

**Crypton® & Crypton®green**
Arc-Com offers an extensive line of Woven Crypton® & Crypton® green high performance textiles for contract, healthcare, hospitality and institutional applications. Designed to maintain a soft comfortable hand, all Arc-Com Woven Cryptons® and Crypton® green fabrics are breathable, bacteria, stain and moisture resistant and meet extremely high durability standards. All Crypton® green fabrics are designed with a reduced environmental impact. All Arc-Com Crypton® and Crypton® green upholstery fabrics are noted in the price list. Please contact your local account representative or customer service for additional information or to inquire about custom Crypton® or Crypton® green patterns.

**Seating COM Approvals**
Arc-Com's fabrics are pre-approved for application on many furniture manufacturers’ seating styles including a wide range of Steelcase, Haworth and Herman Miller products. A complete list of approvals is available by request from our Customer Service Department. Although Arc-Com continually updates this information, we recommend you verify COM approvals at the time of specification as these approvals are subject to change. Additional Arc-Com textiles can be tested at your request. Please contact your local Account Manager or our Customer Service Department.

Arc-Com textiles are also available through grade-in programs with various furniture manufacturers. Some of these manufacturers provide fabric cards with selected Arc-Com upholstery fabrics for your convenience and ease in specifying. A complete list of participating furniture manufacturers is available by request from our Customer Service Department. Manufacturers’ cards featuring Arc-Com can be obtained from participating furniture suppliers.

**System COM Approvals**
Arc-Com panel fabrics are pre-approved for application on numerous manufacturers’ furniture systems. A complete list of approvals is available by request from our Customer Service Department. Although Arc-Com continually updates this information, we recommend you verify COM approvals at the time of specification as these approvals are subject to change. Additional Arc-Com textiles can be tested at your request. Please contact your local Account Manager or our Customer Service Department with project name and all pertinent information.

**Upholstery Cleaning Codes** *(Written instructions available upon request)*

- **S** Only mild pure water-free dry cleaning solvents may be used. Cleaning by a professional service is recommended.
- **W** Clean only with water based shampoo or foam upholstery cleaner. Cleaning by a professional service is recommended.
- **WS** Water based cleaning agents and foam may be used for cleaning. This fabric may also be cleaned with mild, water-free solvents. Cleaning by a professional service is recommended.

There are a variety of commercial chemical cleaners available on the market which should be scrutinized carefully as they may not be appropriate for woven textiles or coated products such as vinyl and polyurethane.

These products may come in liquid, wipes and spray bottles and may have some immediate positive results, however, over time there may be a filmy build up of the chemical and degradation of the product. This may not be apparent from your initial applications.

Please refer to the instructions of the manufacturers and note that many of these chemicals should be avoided on porous, soft surfaces. Refer to arc-com.com for product specific cleaning instructions.

**Privacy Curtain Laundering:** Please visit www.arc-com.com for laundering instructions.
Special Processing

Overage Requirements
Due to working loss in all finishing processes, an additional 5% overage should be added to your original fabric requirement. For orders 15 yards and less we recommend you add 1 yard.

Nano-tex® Stain Resist Finish provides an invisible barrier that causes liquids to bead up and roll off textiles without penetrating the fibers. Liquids can be blotted off the face of the fabric to prevent staining. Fabric maintains its natural hand and breathability. Nano-tex® is environmentally friendly and recyclable. Nano-tex® can be applied to most Arc-Com fabrics, contact Customer Service at: 800-223-5466.

Nano-tex® Stain Resist (5 yard minimum)
- 5 - 64 yds: $285.00 minimum charge
- 65+ yds: $4.50 per yd.

INCASE™ is an advanced stain and microbial resistant treatment, that works at the molecular level resulting in liquids immediately rolling away. INCASE™ allows both oil and water based stains to easily release from the fabric when cleaned. Only fabrics with no other finishes can be treated with INCASE™.

INCASE™ Fabric Protection (15 yard minimum)
$4.50 per yd.

We offer all alta™ Stain Resist Finishes including alta food & beverage, alta healthcare seating, alta guest room seating. Contact customer service for more information, 800-223-5466 or inquire@arc-com.com

- 5 - 34 yds: $285.00 minimum charge
- 35+ yds: $7.95 per yd.
Special Processing

**Defend® Stain Resist** *(Or equal to)*

1 - 57 yds: $135.00 minimum charge  
58+ yds: $2.35 per yd.

**Arc-Com Moisture Barrier** *(5 yard minimum)*
Recommended for use with fabrics that have INCASE™, GreenShield®, Teflon® & Generic Stain Resist finishes.

5 - 34 yds: $285.00 minimum charge  
35+ yds: $7.95 per yd.

**Acrylic Backing - Single Coat**

1 - 89 yds: $285.00 minimum charge  
90+ yds: $3.15 per yd.

**Special Wallcovering Backing with Stain Resist Finish**
It is recommended that a special acrylic backing be applied when an upholstery fabric is being utilized as a wallcovering. These fabrics must also be treated with a stain resist finish:

1 - 52 yds: $285.00 minimum charge  
53+ yds: $5.25 per yd.

**Flameproofing**
The fire code requirement, weight and content of a fabric relates directly to the price of flameproofing. Please confirm pricing before quoting a client. Most flameproofing treatments can withstand up to 20 dry cleanings without re-flameproofing.

**Fire Code**
We may be able to pass a more stringent fire code on a product depending on the specifications of the product and the code requirement. This must be done before a purchase order for production is put into work. Please inquire through your Sales Representative or our Technical Staff in Customer Service.

**IMO**
Arc-Com has many upholstery textiles that either pass IMO (International Maritime Organization) standards or when used with the appropriate components, can pass IMO standards. For other application, Arc-Com can alter fabric contents or treat fabrics to pass IMO. Please contact Customer Service for assistance.

**Antimicrobials**
It may be possible to add an antimicrobial to a product that may be effective on pathogens. This must be brought to our attention before a purchase order for production is put into work.
