INTRODUCING  
**THE EXPLORER  
COLLECTION**

The inspiration for Arc-Com's Explorer Collection is drawn from imagery that we find in space. The Cosmos and its constantly evolving atmospheric conditions became the muse for the three dynamic patterns developed for this collection. This, three pattern, color coordinated grouping includes patterns **Andromeda**, **Moon Phase** and **Rover**.

The high durability associated with the patterns in the **Explorer Collection** allows designers to specify these textiles in virtually any high traffic interior setting without concern about the longevity or lifespan of the material. All patterns are stocked with a **PFAS Free** stain resistant finish, making them not only free of any red list chemistries, but also highly resistant to soiling and staining.

**Andromeda** beautifully captures the energy and ever-changing lighting of its namesake galaxy. A cut and uncut printed velvet with a metallic overprint makes this textile not only technically advanced but aesthetically impressive. Manufactured utilizing a 100% polyester backing and pile, Andromeda, while looking like a piece of art, meets all of the performance specifications for contract end use.

**Moon Phase** explores the cycles and surface of the moon. Tiny orbs are shaded with varied intricate weave structures to capture the changing light conditions and textures on the lunar surface.

**Rover** is a modern, abstracted, mid-scale pattern that takes its visual cues from the mechanics of space exploration vehicles.

# ANDROMEDA

## MOON PHASE

Content 30% Nylon, 28% Acrylic, 28% Polyester,  
14% Post Consumer Recycled Polyester

Environmental PFAS Free (including PFOA & PFOS Free)  
Proposition 65 Compliant  
LBC Red List Free  
REACH Compliant  
Contributes to LEED Certification  
Recycled Content

Finish Alta DWR + Acrylic Backing

Abrasion 150,000 double rubs

Application Upholstery

Colorways 9

Samples [arc-com.com/moon\\_phase](http://arc-com.com/moon_phase)

## ROVER

Content 34% Nylon, 31% Polyester, 21% Acrylic,  
14% Post Consumer Recycled Polyester

Environmental PFAS Free (including PFOA & PFOS Free)  
Proposition 65 Compliant  
LBC Red List Free  
REACH Compliant  
Contributes to LEED Certification  
Recycled Content

Finish Alta DWR + Acrylic Backing

Abrasion 150,000 double rubs

Application Upholstery

Colorways 8
