

INTRODUCING  
**PIXEL**

Arc|Com

Pixel is woven with a refined planted warp placement that mirrors the spacing of the fibers used in the fill. Tiny squares of differing hues combine visually to create each dynamic color combination in the 14-colorway palette.

Pixel utilizes a complex warp and fill sequence to achieve its vibrant color palette.

## PIXEL

Content	97% Polyester, 3% Nylon
Environmental	AB-2998 Compliant: Flame Retardant Free Antimicrobial   Antibacterial Free PFOA & PFOS Free Stain Resistant Finish LBC Red List Free Proposition 65 Compliant
Finish	Alta
Cleaning	WS, Bleach Cleanable
Abrasion	150,000 double rubs
Application	Upholstery
Colorways	14
Samples	<a href="https://arc-com.com/pixel">arc-com.com/pixel</a>
