

INTRODUCING
SEASCAPE

Arc | Com

An underwater photograph showing a dense field of seaweed or kelp. The blades are long, narrow, and have a textured, ribbed appearance. They are dark green to brownish in color, with some lighter green areas. The background is a deep blue, suggesting the water's depth. The lighting is soft and diffused, creating a serene and naturalistic atmosphere. The seaweed is swaying gently, and the overall composition is organic and flowing.

The Arc-Com Design Studio brings a beautiful, larger scale organic to its ever-expanding offering of phthalate-free printed vinyl with the addition of pattern Seascape.

Soft, undulating lines
create the framework
for this pretty design.
A distressed texture
adds interest, depth
and dimension to
Seascape's kelp-like line
work.

A linen inspired ground
texture mimics the look
of a refined textile.

- Proposition 65 Compliant
- Antimicrobial Free | Antibacterial Free
- PFAS Free (including PFOA & PFOS Free)

- Stain Resistant • Liquid Barrier • Bleach Cleanable
